

Thermostat Controlled Steam Iron for the Highest Demands

Engineered for precision and comfort, with reliable steam delivery even at lower temperatures for delicate fabrics.

Advantages

- Thermostat-controlled temperature (tolerance approx. $\pm 15^{\circ}\text{C}$).
- Ergonomically shaped, skin-friendly VEIT handle.
- Integrated steam & heat protection for safe, comfortable ironing.
- Powerful heating for quick heat-up and short reaction times.
- Gentle steam application—ideal for delicate fabrics.
- Soleplate with excellent gliding characteristics.
- Consistent steam quality even at lower temperatures.
- Available with the VEIT plug or square plug for compatibility with generators from other manufacturers.
